Guest External Administration

From

To (if known)

I confirm that I will

- use the computing equipment/services exclusively for university purposes,
- handle the equipment with care and will neither interfere with hardware nor with software without express approval of the administrators,
- not remove any computers, monitors or other accessories from the designated locations without prior consultation with the administrators,
- always log out after work and to lock the session over a longer period only if absolutely necessary,
- not permit others to use my user account,
- change the initially set password immediately,
- change my password on a regular basis and will not use weak passwords such as names, known phrases etc.,
- not give my password to others.

I am aware that

- after termination of the (contract) relationship with the university the account including all data and accesses can be deleted,
- no unauthorized copies of the available software may be created,
- any breach of these regulations will cause my user account to be revoked immediately,
- any breach of these regulations will not only result in prosecution but may have further consequences.
